

Merchant Business Explanation – LetsChat Platform

This document provides a brief explanation of the LetsChat platform business model for payment gateway compliance and verification purposes.

1. Company Information

Company Name: Secure Technology and Entertainment Private Limited

Platform Name: LetsChat

Registered Address: 2nd Floor, Dalsinghsarai, Samastipur, Bihar – 848114, India

Support Email: support@letschatpro.in

Phone: +91 9304599843

2. Platform Overview

LetsChat is a digital communication and entertainment platform that allows users to interact, share content, and participate in live digital activities within the application.

3. Services Offered

- User interaction through chat and live rooms
- Sharing digital content within the platform
- Virtual gifting features using in-app coins
- Access to premium digital interaction features

4. Payment Model

Users can purchase virtual coins within the LetsChat platform through secure payment methods. These coins are digital credits used only within the application for accessing digital features and sending virtual gifts.

5. Virtual Coins Policy

- Virtual coins do not represent real currency
- Coins are used only for in-app digital services
- Coins cannot be transferred outside the platform
- Coins cannot be withdrawn or exchanged for cash

6. Compliance Statement

All payments collected on the LetsChat platform are strictly for digital services provided within the application. The platform does not support peer-to-peer money transfers, wallet services, or financial transactions between users.

7. Contact for Verification

For any verification or compliance queries, Razorpay or authorized verification agencies may contact the merchant using the details provided above.
